

Nama : Rhainy Aulia

NPM : 232310034

1. Menyalakan Laragon
2. menjalankan my-api-gateway dengan “node server”

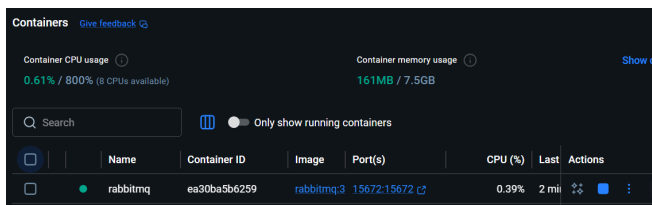

```
C:\Users\LEN\Documents\MICROSERVICES\my-api-gateway>node server
Starting My API Gateway...
Config directory: C:\Users\LEN\Documents\MICROSERVICES\my-api-gateway\config
Swagger UI running on: http://localhost:8081/api-docs
2026-04-24T05:40:24.844Z [EG:gateway] info: gateway http server listening on :::8080
2026-04-24T05:40:24.851Z [EG:admin] info: admin http server listening on :::19876

=====
MY API GATEWAY STARTED SUCCESSFULLY
=====
Gateway URL: http://localhost:8080
Admin API: http://localhost:9876
Swagger UI: http://localhost:8081/api-docs

Connected Services:
Book Service: http://localhost:3001
User Service: http://localhost:3002

Available Endpoints:
- Books API: http://localhost:8080/api/books
- Users API: http://localhost:8080/api/users
- Health Check: http://localhost:8080/health
=====
```

3. Menyalakan container RabbitMQ

4. Menjalankan Node [Index.js](#) di books-service

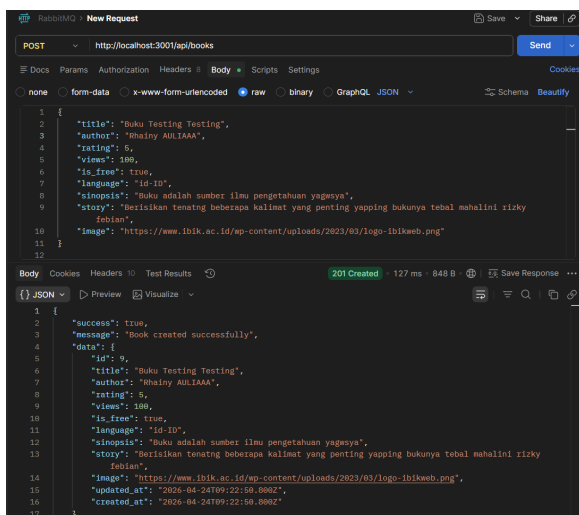

```
C:\Users\LEN\Documents\MICROSERVICES\book-services>node index.js
◇ injected env (8) from .env // tip: ~ auth for agents [www.vestauth.com]
◇ injected env (0) from .env // tip: ~ secrets for agents [www.dotenvx.com]
◇ injected env (0) from .env // tip: ~ auth for agents [www.vestauth.com]
✓ Server running on port 3001
✓ API available at http://localhost:3001
Executing (default): SELECT 1+1 AS result
✓ Koneksi ke database MySQL berhasil!
```

## API Documentation & testing

1. Mengirim Request Ke Books Service melalui Endpoint RabbitMQ

- Endpoint : POST <http://localhost:3001/api/books>
- Request & Response :

POST <http://localhost:3001/api/books>

## Message Broker :

```
Executing (default): INSERT INTO books (id, title, author, rating, views, is_free, language, synopsis, story, image, created_at, updated_at) VALUES (DEFAULT,7,7,7,7,7,7,7,7,7,7,7,7);
Connected to RabbitMQ
Message sent to queue book_created: {
  event: 'book_created',
  timestamp: '2026-04-24T09:22:58.837Z',
  data: {
    id: 9,
    title: 'Buku Testing Testing',
    author: 'Rhainy AULIAAA',
    is_free: true,
    language: 'id-ID'
  }
}
```

## RabbitMQ :
